

# Deluxe Programmable Thermostat T3950-IAQ

**STANDARD FEATURES:**

- 7-day programmable with up to 4 time periods per day or non-programmable
- Up to 4-stages of heat, 2-stage cool for use with gas/electric, heat pump and electric HVAC equipment
- Air Patrol IAQ sensor that can turn on 24V output and indoor blower when air quality falls to preset level
- Title 24 and OpenADR compliant with built in Wi-Fi
- Scrolling display with optional FDD Alert
- Energy Watch keeps track of energy by tracking heating, cooling and auxiliary heat hours
- Auto humidification set point algorithm when used with optional outdoor temperature sensor
- Diagnostic testing mode for technicians to exercise all outputs at installation
- Emergency Heat switch when set in heat pump mode
- Smart Recovery and Auxiliary heat lockout based on outdoor temperature
- All programming and setpoints stored in non-volatile memory, and are never lost in power failure
- Dual fuel control with adjustable outdoor balance point temperature range from 0F ~ 60F
- Service filter, service humidifier, service drain pan and service UV lamp indicators
- Outdoor sensor ready with high and low temperature of the day (wired or wireless)
- Control to, or monitor a wired indoor remote sensor.
- Integral humidity sensor for humidification - dehumidification and reheat
- Heat and cool setpoint limiting with adjustable inter stage dead bands and timers
- Programmable Fan can be set from 5 ~ 60 minutes each hour with programmable start and stop times
- Accepts optional supply air temperature sensor (part number ACC-PSEN)
- Accepts optional indoor/outdoor remote temperature sensor (part number ACC-TSEN)
- Accepts optional wireless remote temperature-humidity sensor (part number ACC-VNTH1)
- Accepts optional wireless indoor/outdoor remote sensor (part number ACC-TSENWIFI-Pro)
- Accepts optional wireless indoor/outdoor remote sensor (part number ACC-TSENWIFI-Mini)
- Accepts optional wall plate (part number ACC0425)
- 1-year limited warranty
